

Submitter: Christiann Steinbrecher

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

HB 4002 needs to be passed and adopted. Portland and Oregon are overrun with fentanyl addicts who end up homeless because they cannot control themselves. The mental health lobby sold Oregon a bill of goods with measure 110. Strong laws are needed to take care of addicts and kick drug dealers out of Oregon.
