

Submitter: David Rynd

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Measure 110 is ruining our State. In just a few years the number of drug related deaths and other incidents has increased dramatically. Measure 110 has NOT improved the lives of those individuals using drugs. It has resulted in numerous overdose deaths and an increasing problem for our State. We need the legislature to take action to fix the current broken system. The citizens of Oregon are looking to you to:

- recriminalize hard drugs with up to 6 months in jail or mandatory, supervised drug treatment.
- replace voluntary drug treatment with required evidence-based treatment as an alternative to jail.
- ban the use of drugs in public and police and prosecutors' stronger tools to go after drug dealers and traffickers.
