

Submitter: DONALD ATHEY

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Dear Members of the Joint Committee on Addiction and Community Safety Response,

The result of Measure 110 is a disaster.

Regarding HB 4002;

As a lifelong native Oregonian and 63-year-old resident Eastsider I demand that Measure 110 be altered per the points in HB 4002 as follows:

Recriminalize hard drugs – 180 days in jail OR mandatory, supervised treatment.

Ban the use of hard drugs in public.

Give police and prosecutors stronger laws to go after drug traffickers and dealers.

Either that or scrap measure 110 altogether or put it back on the ballot and let the people of Oregon decide its fate.

Thank you for your consideration,

Don A.
