Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

As a person who works downtown several times a week in a retail setting I 100% support this initiative. I work in a store across from Powells in the Pearl. It continues to feel unsafe there especially when drug addled individuals come into the store yelling and stealing. Often we have to lock the door in-between customers. There are young women working at the store sometimes alone. This is an unstable and dangerous environment. The conditions ballot measure 110 has created is untenable and will continue to chip away at the already weakened situation of the downtown business sector.
