

Submitter: Bill Miller

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

We don't really have a choice. We can save Portland or we can let it die. The rampant use of drugs in Portland has led to increased crime and businesses fleeing the city. Our weak stance on drugs has made us a destination for those who want to use drugs freely. If we make life more difficult for these folks we have a chance to save Portland. If not, Portland will lose its appeal and become a decaying city.
