To Whom it May Concern:

Please make hard drugs in Oregon a crime again. We must recriminalize hard drugs and make treatment available to those in need. No more hard drug use in public! Allow the police and prosecutors to do their job, by going after the drug traffickers and dealers. Do not allow fentanyl smoking in streets or parks to happen any longer. I am tired of walking through my neighborhood park and finding passed out people with drug paraphernalia lying in the open. This is not safe for anyone, especially children and animals. Do not give the DA, Mike Schmidt anymore excuses to release the people that need to stay in jail or give them the option of rehab.

Thank you, Liisa Maki
