

Submitter: Rebecca Boyle

On Behalf Of: Oppose

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Measure 110 needs to be repealed. Under HB 4002 while OHA is "studying" drug use, three people a day will die of a drug overdose in Oregon. By September 15, 2024, the final day of this proposed "study," 202 more people in Oregon will have died. This is absolutely unacceptable.
