

Submitter: Chung Lee

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Please consider limits on measure 110. We have too many drug addicts in Portland which is increasing crime, homelessness, and making the city dirty.

Arresting drug use will help drug addicts and remove them from an unsafe environment. Will also deter more drug addicts from coming to Portland.

Also will limit crimes especially gun crimes as the cartels are limited in their businesses in Portland.
