On Behalf Of: Mr Oregon Opposes SB 1574  
Committee: House Committee On Judiciary  
Measure: SB1574

I OPPOSE [SB 1574A].

[SB 1574 A] serves to nest, "...abuse of a corpse in the first degree involving sexual activity is a sex crime for purposes of sex offender reporting."

[SB 1574 A] wants to suppress video transmission of the necrophilia for public viewing.

[SB 1574 A] wants to define sexual related abuse of a corpse as a "sex crime" to thwart video transmission because of predicted public outrage.

I support the protection of victims of sex crimes from video transmission.

Those who commit sexual activity with a corpse should face the justified wrath of the public.

[SB 1574 A] serves to thwart the "Public's right to know." So much for transparency.

A person must be very rich or have just won the "Lottery" to afford all the "Fees" associated with the Public Records Act. But, I digress.

The sexual activity with a corpse is a category of deviant behavior all into itself.

The Legislature should create Legislation removing "Insanity" as a criminal defense for those convicted of sexual activity / abuse with a corpse.
