Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Dear Committee Members:

I am writing to tell you how troubled I am by all the drug use and deaths going on in the Portland Metro Area.

I am also writing to voice my support for HB 4002, an effort to clamp down on illegal and legal drug use.

I opposed Measure 110 when it first came out and I still oppose it. HB 4002 should help to mitigate against it.

Please support HB 4002! It will be good for Portland Metro and Oregon as a whole.

Thank you very much,

Walt Christen
