

Submitter: Henry Mottl

On Behalf Of:

Committee: House Committee On Judiciary

Measure: SB1576

Providing recreational Immunity for public access on trails is critically needed to maintain public access to trails throughout Oregon. The need for such trial access has only grown as the public experienced the outdoors in response to the pandemic. Numerous studies have documented the physical and mental health benefits of getting outside in nature.

Please pass this measure for the benefit your constituents health.
