

Submitter: Fred Kassab

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

I see rampant visible drug use on the streets in near my home in the Pearl District: in downtown Portland, Old Town/Chinatown, the near Northwest and the Pearl with no enforcement of using or dealing drugs and these problems has been increasing over the past several years. I support:

- The recriminalization of hard drugs
- A ban of the use of hard drugs in public
- Giving police and prosecutors stronger laws to go after drug dealers
