

Submitter: Cheryl Goetchius

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

The current system is NOT working. As a recovering addict/alcoholic myself and working/helping those that want help my experience this they need consequences. Need jail time or treatment. I know dozens of people who choice to get help in jail. Just leaving them on the streets does absolutely nothing to help them want to get help.

Please help these people and our city by implementing jail time or treatment options.
