

Submitter: Cameron Wilson

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: HB4130

I support limiting the corporate practice of medicine. It harms patients and allows for profit groups and private equity to profit off the suffering of others. Their motivation will always be to cut corners to achieve more profit. The patient will never be their priority. Physicians and other practitioners need to be supported in taking care of their patients. To that end, I support limiting the corporate practice of medicine in all its forms.
