Measure: HB4002

I support HB 4002. I optimistically and naively voted for Measure 110. I greatly regret my vote and this is a commonly shared regret in Portland.

Please pass HB 4002 to help mitigate the disastrous impacts that followed the passage of the measure 110 ballot measure. Most voters now— including ones like me who supported 110 — will appreciate your action to mitigate our error.

Thank you for considering this input.
