

Submitter: Katie Swanson

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

As a healthcare provider, working parent and resident of Multnomah county, I fully support any action on the part of our legislature to reverse the effects measure 110 has had on our community. Portland is a shadow of its former self due to the sheer number of addicts that have been drawn here by lax drug laws. We, like most families we know, avoid many of the activities and areas that we used to enjoy due to no longer feeling safe on our own streets and trails. A huge number of our (primarily healthcare provider) family friends have already moved away from Portland due to the skyrocketing taxes accompanied by a DECREASE in livability. Please take action ASAP to save this city.
