Committee: House Committee On Judiciary
Measure: SB1576

I am writing to support passage of SB 1576. This bill is crucial for protecting access to trails in Oregon for the purpose of recreation. As an avid trail user, I access public and private lands in the state to run, hike, ski, and mountain bike. Access to trails is an important aspect of mental and physical health. It is also an area of life where different types of people intersect and share space. Please protect land owners in keeping trails open to the public.
