So to be short I oppose anything that softens fines to criminals like cartels who exploit our weak laws.

Fentanyl is not a misdemeanor offense... it must be a felony against dealers... an users (victims) must be forced treatment till they can show real signs of a ability to make sensible choices.

I have to say I have little confidence in fixing BM110... I mean since so many legislators took money from the Cartel front La Mota :(

Reasonable solution to BM 110 would be refunding the 2021 illegal pot act (or push cartel slave camps out of Oregon).

Rule of Law means criminals go to jail and users get the help they need to become productive citizens.

thanks
