

Submitter: K Rogers

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

SUPPORT getting rid of M 110 as it is today.

It is clear M 110 is not / has not worked as intended.

I voted FOR M 110 because I felt it was a kinder, gentler approach to drug addiction and hopefully

homelessness. I was wrong. The drug addiction is out of control and everyday

livability is worse for this entire

State. Most people want it changed and offenders held accountable.

I SUPPORT no public use, either jail or a recovery program for the drug addict and

no expungement for at least

five years after proven recovery.

Measure 110 is an abysmal failure and we the people want it changed. This is an emergency.
