

Submitter: Mark Jamieson

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Dear Legislators

Measure 110 has decimated many areas of Oregon. Hard drugs need to be criminalized and significant measures need to be in place to force individuals experiencing addiction into treatment. My lived experience, with two brothers who are addicts, speaks to the devastating impact addiction has on families and communities. Oregon needs to stop enabling and start demanding that addicts abide by common expectations of decency. Get treatment or go to jail.
