On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

As a lifelong Oregonian, I was very upset at the prospect of legalizing all drugs. Who does that? Our communities have enough to deal with, the lack of adequate police protection and crime ever escalating, along with our state government mismanaging tax dollars just to name a few. We were made the butt of every joke when very few of us backed this wreck-less and destructive law. You don't just walk over to a drug addict and hand him a loaded needle. Children are influenced by what they see. So, the effects of 110 had far reaching consequences and put our state and citizens in danger
