

Submitter: Kathleen Sitton

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

NO ON HB 4002

This Bill does not go far enough in addressing the drug and health crisis in Oregon.  
Another study is not necessary.

The only solution that will address the drug and addiction crisis is the Repeal of M110  
and Support HB 4036.
