Committee: Senate Committee On Finance and Revenue

Measure: SB1593

Senate Committee on Finance and Revenue,

My family and I would like to request that you please oppose SB 1593. Our family's tree farm is at a tipping point. We will not survive if this continued assault of taxing and regulation continues. Private forest ownership in Oregon can not and will not continue if the state takes all financial gain away.

Respectfully,

Neil Westfall and family
