

Submitter: Ky Fireside

On Behalf Of: HB 4002 is not what they say it is

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

"I strongly oppose HB 4002.

I strongly urge lawmakers to follow the evidence and the data: decades of the failed war on drugs tell us that sending people to jail for drugs only ruins lives.

I'd rather see you do nothing than see drugs recriminalized.

We voted. We voiced our thoughts on this."
