Chair Kropf and members of the House Judiciary Committee,

I drive bus for an Oregon City I would care not to disclose for fear of retaliation from my employer. Every day I am traumatized by the lack of care and effort this state has put into it's drug policies. I have pulled up to stops with humans (apparent of the age of 15) loading up syringes and shooting up at our bus stops. Rather than put any laws or effort into place, the only reaction that I hear is, "Isn't it sad?!?" These aren't problems that effect you, or at least I pray that they are not. If creating a society of addiction and chaos has been your goal. Well played.
