

Submitter: Jenny Pompilio
On Behalf Of:
Committee: House Committee On Rules
Measure: SB1571

I am a voter and mother of an 18yo new voter contacting you to express concern over the use of artificial intelligence to generate fake video, images, and audio in order to mislead voters. Regulating this deceptive media is a bipartisan issue, and the FCC has banned AI robocalls. I am asking you to help pass SB 1571 to regulate the misuse of AI in campaign ads. Thank you.
