

To: Representative Julie Fahey, Chair, House Committee On Rules  
Re: HB 4024-5 – Misleading Campaign Finance Limits and Disclosure – Oppose

Dear Representative,

As a retired high school math teacher, I find myself compelled to reach out to you on behalf of the countless young minds I've had the privilege to nurture over the years. My connection to our youth runs deep, as I've always sought to instill in them a profound belief in the reality of our democracy and their inherent ability to shape its course.

I often reassured my students, inside and outside of the classroom, that our democracy is not merely an abstract concept confined to history books, but a living, breathing entity that thrives on the voices and aspirations of ordinary citizens like them. I emphasized that they, too, have a rightful place in the political arena, where their ideas and convictions hold the power to effect meaningful change.

It pains me to witness the erosion of this sacred trust in our democratic institutions, as bills like HB 4024-5 threaten to undermine the very foundation upon which our democracy stands. The youth of Woodburn, whom I've proudly mentored, look to us not only as guardians of their future but as stewards of a legacy built on principles of fairness, equality, and transparency.

In the name of the countless students I've had the privilege to guide, I implore you to consider the profound implications of HB 4024-5 with the urgency it demands. The loopholes it harbors not only betray the trust of our citizens but also extinguish the flicker of hope that burns brightly within the hearts of our youth.

We cannot allow our democracy to be held hostage by the interests of a privileged few. We owe it to our children, our community, and the generations yet to come to safeguard the sanctity of our electoral process and preserve the promise of a government of, by, and for the people.

In the face of cynicism and disillusionment, let us reaffirm our commitment to the ideals that have guided our nation through its darkest hours. Let us stand together in defense of democracy, ensuring that the voices of our youth resonate loud and clear in the hallowed halls of power.

Representative Fahey, I urge you to heed the call of history and reject HB 4024-5. Let us not betray the trust of those who look to us for leadership and inspiration. Let us honor the faith they've placed in our democratic institutions and prove, once and for all, that their voices matter.

Thank you for your unwavering dedication to the people of Oregon and the ideals that bind us together as a community.

With heartfelt sincerity,

Felipe Lora
