On Behalf Of:
Committee: Senate Committee On Rules
Measure: HB4130

Dear Chair Lieber, Vice-Chair Knopp, and members of the committee,

I urge you to support HB 4130. Evidence shows that the corporatization of healthcare leads to poorer care and higher costs for patients. Healthcare access and affordability is already a struggle for many Oregonians, and I am concerned that corporate interests prioritize investors over patient care. This bill is an important step towards safeguarding patient interests and protecting physician independence.

Sincerely,
Kate Richerson
