Measure: HB4024

Hello,

As a life long Oregonian, I am submitting my opposition on HB 4024.

This bill will limit free speech by limiting contributions by the average citizens to the candidate of our choice and give the rich and more organized groups larger contribution leverage. Unlimited donations from the party institutions would require more loyalty to the party over loyalty to the voters. This causes contributors insecurity in campaign contributions and imbalance with the use of funds for candidates.

Thank you,

Your fellow Oregonian
