

Submitter: ELAINE LAVINGTON

On Behalf Of:

Committee: House Committee On Revenue

Measure: SB1520

I support SB 1520 Remember the biggest root cause of catastrophic wildfires is the mismanagement or "NO" management of our forests. This needs to be fixed so this situation would not occur in the future. No taxes for these Oregonians that lost everything in the fire. These people have endured enough from the problems created by our government. Vote No on SB 1520
