

Submitter: Nancy Hildebrandt

On Behalf Of:

Committee: House Committee On Rules

Measure: SB1583

This bill is not about antidiscrimination. It is about removing local school board and parental control over content in our public schools. It discriminates against parents' rights and the rights of school boards to moderate public school curriculum and books. We already know what content will be pushed by the state and it is unacceptable. You have already rejected a bill to allow more students to attend charter schools, so parents are left with few options except to homeschool, which just adds to their economic hardship in the current economy. NO on this bill.
