

Submitter: Debra Karikas

On Behalf Of:

Committee: House Committee On Rules

Measure: SB1583

I oppose this bill because it harms all children.

This bill will open flood gates to give children access to subjects they do not need to know about for a good education. It takes power from parents to choose what they want their children to read. In addition it takes power away from school boards to make good decisions on curriculum. I oppose this bill because it takes away local control from our school boards which were elected by the community to represent our children's education.
