

Submitter: Chi Miller  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure: HB4026

My name is Chi Miller and I am a resident of the City of North Plains. I urge a YES vote on HB 4026-A.

HB 4026-A supports the intent of Oregon land use goals by reaffirming the precedent that has existed under Goal 1 since its adoption. Goal 1 requires each city and county to establish a committee for citizen involvement to ensure citizen involvement in all phases of land use planning. Furthermore, I can attest to being a resident that in fact participated fully in the process. This was a significant investment of time on my part and while I don't agree with everything that was proposed, I agree the process arrived at a fair and thoughtful plan for North Plain's future. Please close the loophole that is allowing fringe groups that are not residents of North Plains to try and dismiss all my time and work as a resident.

The HB 4026-A would ensure that existing Goal 1 precedent is upheld in North Plains, but even more importantly it ensures smart planning across Oregon.

Please vote YES on HB 4026-A for those of us that actually reside within the boundary of the proposed UGB expansion.
