

Submitter: Armidia Murray  
On Behalf Of: Families and Innocent Children  
Committee: House Committee On Rules  
Measure: SB1583

I'm opposed to indoctrination of children towards a specific agenda, especially one that is harmful under the guise/mislabeling of equality. School education should be about reading, writing, math, and learning life skills. Using taxpayer dollars to exposed Children to books advocating sex, especially with content that's borderline encouraging pedophilia and promiscuity. Protect the Innocence of children and say NO to disgusting content that School Boards labeled "Profanity." If it cannot be said or read in School Board Meeting, it has No business being in the Schools!

Parents have ultimate authority over their children, Not the Education System!

Vote NO on the harmful Bill 1583 A!
