

Submitter: Ann Peterson  
On Behalf Of: Children  
Committee: House Committee On Rules  
Measure: SB1583

America is based on government by the people. The school board is an elected body representing the community that chose them unanimously. It is the right of the community to have a say at the local level. It is not in the best interest to be governed by an unelected bureau that is at the state level. It is big government rule over the will of families in a community that have elected the local school board. I say NO to this measure .
