Committee: House Committee On Rules
Measure: SB1583

Chair, Rep- Julie Fahey Vice-Chair, Jeffrey Helfrich, Vice-Chair, Rep- Jason Kropf, Rep Rob Nosse, Rep- Anna Scharf, Representative Andrea Valderrama, Rep- Kim Wallan —

As a fellow Oregonian and parent in this state, I strongly believe that parents and school boards should have the right to voice their concerns and or support when it comes to the books and literature our children are exposed to in public schools. That is why I am urging everyone to vote NO on SB 1583.

I appreciate all of you who are recognizing the importance of parental and community involvement in our children's education. By opposing SB 1583, you will be standing up for the rights of parents and school boards to have a say in what their children are learning. This is a crucial step in ensuring that our children receive a well-rounded education that aligns with our values and beliefs, the parents. I pray Oregon will be a state that values freedom and individual rights. Thank you for your unwavering commitment to protecting the rights of Oregonians and our children. Please prioritize the voices of your fellow citizens and stand up for what is right.
