Measure: HB4024

HB 4024 I strongly oppose this Bill. It is designed to take more Power and control away from "We The People" . The Middle class from our State. The Citizens who you represent. It limits our Free Speech, by Limiting Contributions 0f these Citizens to support the Candidate of their choosing. The Rich and Large Organizations will be given the right to give more.\$\$\$ "We The People" are not being served by this Bill. Of course, the supporters Know this to be true. Very Crafty and Presumptuous of those who crafted this bill. Your constituency sees this bill for what it is.
