

Submitter: Tiffany Grantom
On Behalf Of:
Committee: House Committee On Rules
Measure: SB1583

Pornographic materials promoting sexual behavior do not belong in public schools. Parents, teachers, and school administrators SHOULD be discriminating in choosing appropriate materials for children - pornographic depictions and descriptions of sexual acts promote sexual behavior before children are physically, mentally, or emotionally ready. The books that parents want banned from public schools are designed for grooming children. Stop pretending it is anything else.
