

Submitter: Shelby Staffenson

On Behalf Of:

Committee: House Committee On Rules

Measure: SB1583

I strongly oppose SB1583. The educational materials in our local school and school library should be left up to our local school board. The school board is elected by us and reflect the values of our local community. Decisions made further and further from our community make it difficult for the people to hold someone accountable and to make changes. Far removed decision makers won't pay the price for our children who have seen or heard inappropriate pictures or words because of indecent books in the school library. I urge you to NOT pass this bill and let the local school board make these decisions. Thank you for your time.
