I strongly support the bill that prohibits discrimination when selecting textbooks and other reading material. It is important that youth be able to pick out books they want to read and they should be able to check them out of the school library and the County Library. if A parent objects to the book, it is up to the parent to tell the child and have the child return the book. Neither the Librarians nor the the teachers should be involved in removing a book the child wants to read. Only a parent can do that for his/her own child.
