Measure: SB1583

I am writing today in support of SB1583. As an elected school board member I recognize how much the argument for "local control" can be used as a cover for discrimination. As an Oregonian and a father of a high school student, I find it abhorrent that any local jurisdiction could allow a vocal and aggressive minority to hide behind claims of indecency while they attempt to target people they deem undesirable. Protecting our students from this kind of targeted erasure is far more important than anything they could read in a public library.

Thank you.
