

Submitter: Heather Hall
On Behalf Of:
Committee: Senate Committee On Rules
Measure: HB4021

Dear Legislators,
I strongly oppose HB 4021. It takes away the Principle of Local Authority of The People; interfering with the process of The People choosing their Representatives.

Additionally, the Governor would make a biased choice and an appointment would create an incumbent. An incumbent position would give the appointee a special advantage when a special election occurs.

Our form of government was designed specifically to help protect Liberty; the ability for voters to choose their Representatives must remain in tact to help preserve Liberty.

Vote NO on HB 4021.
