

Submitter: Alex Joyce

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB1537

While I have significant reservations about the UGB expansion provisions of the mega housing bill and would prefer it was taken out and dealt with separately, there are many excellent and desperately needed components in the larger bill including the Revolving Loan Fund. I urge the UGB provisions to be taken out, and the rest of the package to receive support and swift passage.
