

Submitter: Larry McQueen

On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1548

I support the proposal to set Standard Daylight Time as the permanent time for most of Oregon.

It is senseless to set clocks back and forth twice a year.

Nature and humans thrive on the natural passage of the sun through our sky, ie.

Solar Time not DST..

Thank you ,

Larry McQueen
