

Submitter: Charles Hemingway  
On Behalf Of: Central Oregon Villages  
Committee: Senate Committee On Housing and Development  
Measure: SB1530

I am writing in support of SB 1530. I assist unhoused persons in Central Oregon in getting into safe and secure shelter or housing. When we can arrange to get them into housing the units are typically unfurnished and they have no funds to purchase furnishings, bedding, kitchen utensils, etc. SB 1530 would provide a means to assist nonprofits throughout the state who provide such forms of assistance in being able to have adequate funding to support such an important mission.

Thank You,
