

Submitter: Jennifer Fowler

On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1577

We need to stop having these agencies in charge of our data! They can not be trusted! Our data has been compromised by DMV, Oregon health plan and God only knows what else. There is no accountability at all when these things occur and now it's being suggested to add to the corruption! Stop selling our data like we are slaves!!!
