

Submitter: Sean Sharp

On Behalf  
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal  
and World Affairs

Measure: SB1548

Dear Senate Committee on Veterans, Emergency Management, Federal and World  
Affairs:

I am writing in support of Senate Bill 1548 to maintain Pacific Standard Time  
throughout the state of Oregon for 12 months of the calendar year. The need to  
change time by one-hour is an outdated way of living in the world and maintaining  
Pacific Standard Time will help people get the proper amount of rest to function well  
in their lives.

In addition, as a member of the Eugene Astronomical Society, not having to wait up  
later during the summer months will allow us to gather for our hobby of star viewing.

Thank you for your time.

Best Regards,  
Sean Sharp
