

Submitter: Valerie Gottschalk

On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1548

Sen Thatcher: Just letting you know I FULLY SUPPORT stopping the DST changes.
It is nothing but a pain twice every year.

I have horses and other farm animals and they don't know anything about hours, but they do like a steady schedule, which means I'm having to check the clocks to see what hour they think it is to keep their schedule consistent.. every day all year long.. And meanwhile, the sun rises and sets every day which is the schedule animals know.

Personally, I prefer keeping our 'normal time' as opposed to DST, but I can live with either as long as the change stops!

Thank you for proposing SB1548!

Yours truly,
