Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal  
and World Affairs

Measure: SB1548

I enjoy and find natural the changing lengths of days throughout the year. I do NOT enjoy or find natural or useful changing the clocks twice a year and pretending I am gaining some kind of innocuous benefit for the abrupt change in the earth's and my cycles. If our federal legislatures won't do it, I love that at least we Oregonians will. Please pass SB1548.
