

Submitter: Adam Yip

On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1548

This proposal is only happening because we don't like "springing forward" and losing an hour of sleep. But this proposal cons the citizens of Oregon by keeping us on standard time. 75% of Oregonians, if they had a choice between keeping standard time or daylight saving time year round, would choose daylight saving time due to the extra hour of daylight in the afternoon.

Please don't go to standard time!!! Be with 75% of Oregonians who prefer the late summer sunsets. Just think of a later winter sunset if we kept daylight saving time year round.
